Chapter 1 Activity P1	4
------------------------------	----------

Chapter 1

Activity P1

Complete this activity to test your knowledge of the entire chapter:

1. Why do workers need to be able to perform repairs?

To keep equipment functioning during intense periods of production.

2. What are the most common types of failure that require emergency repairs?

Mechanical, electrical, hydraulic, irrigation system, and structural failures.

3. When should you contact an expert for advice?

During a major emergency or when dealing with complex equipment.

4. What is the goal of emergency repairs?

To resolve the problem as quickly as possible while ensuring the safety of workers.

5. What should be done after the repair is completed?

The equipment should be tested to ensure it is working properly.
