Chapter 1

Activity P1

Complete this activity to test your knowledge of the entire chapter:

1. When are spare parts used?

When a part of a machine or equipment breaks and needs to be replaced.

2. What are the common types of spare parts?

Engine parts, hydraulic parts, electrical parts, other vehicle parts, and irrigation system parts.

3. What format should your spare part inventory be kept in?

In an electronic format.

4. What should be in the spare part inventory?

The part numbers, descriptions, and quantities of the items in stock, and when each part was last used or replaced.

5. What is the value of having a personal contact with a spare parts supplier?

This can reduce the time needed for getting a replacement, and you may even be able to work out deals on the parts.
